STAINLESS STEEL EQUIPMENT AND ACCESSORIES

ABOUT US

Steel that works for years.

POLNIER designs and manufactures stainless steel equipment and accessories in Poland for crematoria, funeral homes and mortuaries.

Every product is built from detailed technical documentation and goes into production using laser cutting, bending and welding. We keep the shapes simple, so they are easy to keep clean.

We manufacture in Poland with an extensive machine park – from single orders to series production. Our products come with a 24-month warranty that can be extended, plus service and support after the purchase.
